

BIZTALK™

MODEL

BR03

CODE

C1323

BR03 is the top range of the BIZTALK™ line.

With its elegant and sophisticated **look & feel**, BR03 is the **very fashionable** BUSINESS RADIO of the BR series, that fulfills the requirements of the «Luxury» world.

Fashion stores, hotels and top-range restaurants are the ideal locations to use this radio and communicate with style.

BR03 is a PMR446 transceiver operating on **99 channels (8 + 91 pre-programmed)**.

It's a compact, easy to use and elegant equipment designed for the business world that requires reliable communications.

The **IPX2** certification guarantees the **splashproof** condition to use the radio in different situations.

The peculiarity of this device is the **hidden led-matrix display** that stands out from the usual LCD displays and makes this radio even more attractive.

The display is customizable: write your name or company name!

BR03 is engineered for large areas, its range reaches up to 22 floors and 25.000mq (depending on operating conditions).

The radio is equipped with many functions such as the «**voice announcement**» which indicates the channel selection, Scan, VOX adjustable in 10 levels and low battery indicator.

The **long lasting Li-Ion 2300mAh battery** guarantees up to **33 hours of battery life**.

BR03 can be recharged thanks to the USB cable or the desktop charger which is made of two slots: one to recharge the radio and one smaller for the battery pack only.

Both are supplied in the package.

BR03 is equipped with a 2pin Kenwood plug for external accessories and is PC programmable thanks to the optional programming software PRG-10.
